

State Asks One-Way Palm Springs Traffic

RENEWED DISCUSSIONS of a one-way traffic flow for Palm Canyon Drive, southbound, and northbound Indian Avenue were held Friday between city and state representatives. Checking the proposed route are, from left, Sherman Dickinson, president of the Hotel and Apartment Association; Mayor Frank Bogert, and C. V. Kane, district state highway engineer. (Desert Sun Photo)

Parking Must Go If Traffic Remains

C. V. Kane, district state highway engineer, told representatives of Palm Springs' city government and business Friday the state would take Indian Avenue into its system if a one-way traffic system for Palm Canyon Drive and Indian Avenue is adopted.

Kane added that he would "recommend" that the state buy right-of-way and build a "joining" couplet for the two one-way streets at a point just north of Vista Chico. Palm Canyon Drive would be southbound, Indian Avenue northbound under the proposal.

Four members of the seven-member city council attended the meeting, and appeared split on the issue 3-1. Supporting the proposition Friday were Mayor Frank Bogert and Councilmen Ted McKinney and Earle Strebe. Opposed to rapid action on the matter was Councilman Harry Paisley.

Added to Agenda
The council is expected to open discussions of the one-way proposal Monday evening, when the matter may come up as an added agenda item reporting on the city-state discussions.

In the two and a half hour Friday meeting, Kane told the city representatives that the one-way system is the only way to keep both parking and traffic on the two mid-town arteries. He emphasized he wasn't asking for one-way streets here, but added that "if you want traffic through, you have to take off parking, or have a couplet for the streets."

Kane termed the mid-town Palm Canyon Drive sections of Highway 111 the "bottleneck of the whole area" in traffic flow. He said it wasn't sound engineering to widen the street or the highway, and then attempt "to squeeze traffic through the eye of the needle."

The district engineer told the meeting that the one-way system would alleviate the traffic problem sufficiently to delay a need for a freeway in or around the city. He emphasized the freeway decision was legislative, and predicted the freeway would be needed within an estimated 20 years to carry growing traffic.

Kane told the meeting the state would provide a "progression light signal" system on the state road through town, if the city requested it. He emphasized that the state would not provide a light system that was designed primarily to stop traffic, but would provide engineering studies for a system to give traffic an orderly flow.

Mayor Endorses Plan
Mayor Frank Bogert endorsed the one-way proposal, saying that "practically every city has gone to the one-way system" to handle rising traffic flows. Kane agreed, saying it is "a matter of time—a question of just how much inconvenience you are willing to put up with before you go" to the system.

Joel Stone, president of the Palm Springs Chamber of Com-

Public Ire Keys Study On Striping

Public protests over the new striping of Indian Avenue, allowing left turn lanes at intersections from Ramon Road to Alejo Road, has caused City Manager Dan Wagner to instruct special engineering consultant Phil Abrams to come up with some alternate plans.

Abrams will meet Monday with a representative of the Southern California Automobile Club to go over the plans for a new striping program. He said he will work from a set of drawings already prepared by the consultant.

Plans Not Known
Abrams, while director of Public Works for Palm Springs, prepared the plans for the intersection of Indian Avenue and Tahquitz Drive, but made no other recommendations.

Although the details of the new plans were not known, it was established that all recommendations would call for two lanes of moving traffic both north and south. The present striping allows only one lane of traffic north and south. It has wide strips in the center of the street which cannot be used.

Acting public works director Harold Stone prepared the present striping and has been appearing before local service organizations to defend his plan, but has not quieted councilman objections.

Abrams has prepared traffic counts and figures that will be used to back the plans which are being prepared for discussion. A meeting with city administrative officials will be held at the City Hall Tuesday to present the plan for future council action.

Nine Die in Fire

PORTO ALEGRE, Brazil (UPI)—Nine persons died Friday when a rescue worker accidentally ignited gasoline spilled from a train which had jumped the tracks.

Most Russian Bomb Test Fallout May Miss the U.S.

WASHINGTON (UPI)—The United States might miss most of the fallout from Russia's nuclear tests, according to a Public Health Service (PHS) expert.

James G. Terrill Jr., assistant chief of the PHS radiological health division, said fallout received so far was only about one one-hundredth of the radiation a person gets every day from natural sources.

He said he could not predict how much fallout from the Soviet tests would spread over the United States. But he said that in any case most of it would not come down until spring, and "we may be lucky — it may not hit us. It may go in the ocean."

No Control Measures
Dr. James G. Porterfield, deputy U.S. surgeon general, told a conference of health officials from the 50 states Friday that

the PHS foresees no need to impose control measures to limit citizens' radiation intake.

During the closing day of the conference, Porterfield said, health officials agreed that efforts should be intensified to detect radioactivity.

Radiation experts told the officials that fallout from all Soviet tests in the current series was expected to produce about the same amount of radioactivity as previous series.

More Sampling Stations
Porterfield said the federal government intends to increase the number of its radiation sampling stations, increase the frequency of fallout reports and start new types of tests.

But to be on the safe side, the conference studied possible steps that could be taken if case radiation levels should rise to heights considered dangerous.

SOUTH VIET NAM SAYS CAMBODIANS INVADING

U.S. May Send Troops to Aid Anti-Red Battle

SIAGON, South Viet Nam (UPI)—The South Vietnamese government announced that Cambodian military forces crossed into South Viet Nam today in the area of Angiaod Province in the southern delta region.

Newsmen and some military attaches stationed in Saigon were summoned to the Tan Son Nhut Airport this morning.

A spokesman said that newsmen would be briefed further on a plane that was to take them over the region where the alleged border intrusion occurred.

South Viet Nam has been plagued by Communist guerrillas. President Kennedy recently dispatched Gen. Maxwell D. Taylor to the southeast Asian nation to advise him where the United States should send troops to fight the Reds in the embattled country.

Taylor left Saigon Wednesday, saying he was confident the strife-torn nation could be saved despite what he described as a "very big buildup" of Communist troops in South Viet Nam.

Only last week, Thailand's Prime Minister Sarit Thanarat charged that the Communists were planning to use Cambodia as a "jumping off place for attacks on neighboring countries."

The charge angered Cambodian chief of state Prince Norodom Sihanouk so much that he announced a break in relations with Thailand last Monday.

Pressure from 'Allies'

Sihanouk said Cambodians were not menaced by the Communists "because they are separated from the Red world by Thailand and South Viet Nam and the only pressure exercised against them comes from precisely those two countries, known as allies of the United States."

He offered to open Cambodia to "as many military control commissions as they want in order to convince themselves that we are totally neutral."

Three days ago, Thailand sealed its border with Cambodia and ordered its ambassador in Phnom Penh to return to Bangkok immediately.

Russ Appear Determined On A Tests

UNITED NATIONS, N.Y. (UPI)—The Soviet Union, stung by one of its worst defeats in the General Assembly, appeared certain today to ignore the United Nations' appeal not to set off a 50-megaton nuclear explosion.

The General Assembly voted 87-11 Friday night to send a "solemn appeal" to Russia to call off the test of a super bomb equivalent to 50 million tons of TNT, which Premier Nikita S. Khrushchev has promised to do by the end of this month.

Branding the appeal "NATO's propaganda arrow against the Soviet Union," the Russians were able to add only Cuba to their 10-nation bloc of satellites that voted against the resolution.

Communist Yugoslavia deserted the Soviet Union and the abstentions often recorded by the African and Asian countries on resolutions critical of Russia were noticeably missing. The only abstention was registered by Mali. Soviet bloc voting strength had been increased only a few hours earlier by the admission of Outer Mongolia as the U.N.'s 102nd member. Nationalist China, which claims Mongolia is a part of Chinese territory, announced that it would not participate in the count.

Spreckles Dies

PHOENIX, Ariz. (UPI)—Adolph B. Spreckles II, California sugar heir who was married six times, died early today in a motel of an apparent heart attack. He was 49.

Spreckles, of Ojai, Calif., checked into the Western Village Motor Hotel about 4:30 p.m. Friday. He collapsed shortly after midnight and was dead on arrival at Memorial Hospital.

Spreckles' fifth wife was Kay William Spreckles who later married actor Clark Gable and bore him his only son after he died.

SAUND ANNOUNCES

Land Hearing Set in PS

Congressman D. S. Saund Friday announced that legislation of far-reaching consequences in the development of public lands in Riverside and Imperial counties will be the subject of public hearings to be held at his request by the House Public Lands Subcommittee in Palm Springs and Riverside.

The Palm Springs hearings will be held at 10 a.m. Wednesday, Nov. 8, in Palm Springs City Hall.

The hearings at Riverside will be held at 11 a.m. on Tuesday, Nov. 7, in the Supervisors' Chamber of Riverside County Courthouse.

The subcommittee chairman, Congressman Gracie Ploof, her five subcommittee colleagues and members of the Committee staff will meet business leaders and civic officials of Coachella Valley

PALM SPRINGS SCORED on this play in last night's game with the Twenty-nine Palms Wildcats. Bill Bradley of the Indians crossed the goal in the third period. The pigskin can be seen (arrow) in the right of the picture. Palm Springs players visible are Luke Imbo-

den (64) and Gus Walton (85), while Wildcats Bill Alden (53) and Jack Lewis (14) make a futile attempt to stop the score. For further details see the sports page. (Desert Sun Photo)

Berlin Line Tensions Drop as Tanks Leave

BERLIN (UPI)—Soviet tanks today withdrew from the tense East-West Berlin border and American tanks that faced them throughout the night pulled out 73 minutes later.

The withdrawal of the opposing tank forces lessened tension in the divided city and relieved fears of a Soviet-American incident, observers said.

The departure of the tanks from the Friedrichstrasse crossing point calmed the situation on the border. It allayed fears that a miscalculation could trigger a border incident in which American and Russian troops would be involved.

The U.S. Army remained vigilant behind the border, however. Four armored personnel carriers went to Koch Strasse, 300 yards from the crossing point and 11 tanks to Mehring Platz, 500 yards from it.

When the Russian tanks left, about 50 U.S. military policemen manned posts in Friedrichstrasse buildings overlooking the crossing point.

It was presumed that the Soviet

tanks drove to a courtyard off Unter Den Linden, three-quarters of a mile away, where the tanks were quartered on their arrival in East Berlin Thursday night.

The Soviet pull-back apparently prompted U.S. infantrymen to remove their bayonets from their rifles and replace them in their scabbards.

American officials took some satisfaction from the fact that the Russians first ended the tense vigil in which U.S. and Soviet tanks were poised only 250 yards apart with cannon muzzles trained straight at each other.

Police Seeking Local Visitor

A man who checked out of a Palm Springs hotel Thursday is sought on suspicion of murder in San Francisco.

Melvin Thomas Darling, 28, a six feet, six inch 230 pound crew cut blond, is sought by officers across California and neighboring states on the homicide charge.

Pope Sends Goodwill on Anniversary

VATICAN CITY (UPI)—Pope John XXIII today broadcast his thanks for the goodwill messages on the third anniversary of his election to the papacy.

During the brief worldwide broadcast over the Vatican radio from his private apartment library high in the Vatican Palace, the Pope sounded well despite a slight cold which forced him to cancel all audiences Friday and today.

The pontiff noted that preparations were in progress to celebrate the third anniversary of his coronation Nov. 4, and his 80th birthday on Nov. 25.

Both anniversaries will be marked on the same day with elaborate ceremonies in the great Basilica of St. Peter's to be attended by official governmental delegations from all over the world.

Suspect Cholera

MANILA (UPI)—Twenty persons have died and 82 others have been hospitalized since Tuesday in Capiz Province with a severe intestinal disease suspected to be cholera, it was reported today.

State's Fallout Nation's Lowest

SACRAMENTO (UPI)—California has received much less radioactive fallout from Russian bomb tests than the rest of the nation, the state Department of Public Health reported today.

Public Health Director Dr. Malcolm H. Merrill said the department stepped up its environmental radiological surveillance immediately after Russia resumed testing. He said the first fallout traces were noted 10 days later.

Merrill said that as long as airborne levels remain low, little additional radioactivity is expected in food and water. If airborne levels rise and remain high, he said, analysis of food and water would be more intensive.

He said the department stepped up its sampling of milk for iodine 131 but levels have remained quite low compared to some other parts of the nation.

Gov. Edmund G. Brown said Thursday the state's 12 stations for checking radioactivity levels in the air were "in good working order."

Brown said Alex Grendon, state atomic energy coordinator, "assures me that our reporting procedure is adequate and that no additional steps need to be taken at this time."

CATHEDRAL CITY

Los Angeles Artists in Sven-Ska Bungalows Visit

Artist members of the Business and Professional Men's Art Institute in Los Angeles, with instructor Sam Hyde Harris, are spending this week at the Sven-Ska Bungalows. Enjoying the perfect painting are Walter Penwarder of Pasadena, an engineer by profession; Henry Turick an attorney in Alhambra, and Karl Albert, also from Alhambra. The Art Institute has been established for many years and its membership is limited to professional and business men whose hobby is painting. Several times during the season Harris brings a group to the Sven-Ska, owned by artist Christine Lillian, to put on canvas the beauty of the desert and mountains.

Over the weekend Mrs. Johann Quillin (former amateur golf champion) had as her houseguests Mr. and Mrs. Stanley Fontaine from Covina. Quillin just completed the costumes worn by Desert Inn personnel. Prior to moving to the desert early in the summer Mrs. Quillin made her home in Covina.

The Desert Sun

Mrs. Frances Hanley, accompanied by her mother, Mrs. Esther Hullinger who is visiting from Long Beach, drove her cousin, Grace Lyette, to Las Vegas where she plans to spend the winter. Mrs. Hanley and her mother spent several days in the Nevada city before returning to the desert.

A family dinner at the home of Mr. and Mrs. Ed. Donahue on Sunday honored the 20th birthday of her son Dennis McNamara, who is in his junior year at the University of California at Riverside. Joining in "happy birthday" wishes were his grandparents, Mrs. Anna Sherkey and Mr. and Mrs. E. W. Donahue, who were here from their home in Sun Valley for the weekend.

Dr. and Mrs. Adrian Keller were in Westwood to attend the reunion of the members of the faculty of UCLA in 1922. The occasion honored the 87th birthday of Dr. Harvey Ebby, who was a professor in the School of Education. Dr. Keller was professor of engineering. Before returning to the desert they visited with his sister, Mrs. Maude Holman, at her home in Laguna.

Mr. and Mrs. H. Kessling of Whittier were guests at the Desert Lodge for the weekend.

A double birthday celebration at the home of Mr. and Mrs. Ivan (Florence) Sharp honored Mrs. Sharp and their grandson, Ronnie Donohoe, who was two years old. Ice cream was served with the beautifully decorated birthday cake. Mr. and Mrs. Sharp spent two days in San Diego golfing and relaxing.

The lovely doll birthday cake decorated in pink and white played second fiddle to the opening of the gifts at the party celebrating the fifth birthday of Deedee Dunne held at the James Dunne home on Paradise Way. Punch, ice cream and candy were served with the cake. Enjoying the special occasion were Bobby and Pat Estel, Tim and Joel Hamilton, Ken Klein, Mary and Tommy Hrabak, Debbie, Shirley and Rhonda Sykes, Jay Carlson and Deedee's brother Jay.

Rene Germain, daughter of the Del Germain of Redlands, was the weekend houseguest of Carol Bentley and her parents, Mr. and Mrs. Harold Bentley. Carol and School together.

CANDY STACY, pianist and vocalist, will be the featured entertainer at Sherman's Steak House for four weeks. Widely known for her many television appearances and in popular West Coast night spots, Miss Stacy will perform from 10 p.m. to 3 a.m. nightly.

Board Honors Former Chiefs

Past presidents and veteran members of the Palm Springs Real Estate Board will be honored at a buffet dinner to be held Monday evening at the Ranch Club.

Past presidents honored at the dinner include Raymond Cree, the board's first president, John Munn, Muriel Fulton, John Williams, James Hammond, Culver Nichols, Terry Ray, Theresa Press, Ernie Dunlevie, Don Cameron, and Herb Lakey.

The dinner, which replaces the regular Monday night meeting of the local board, will start at 7:30 p.m. with cocktails being served from 6:30 p.m.

Entertainment chairman Roy Randolph, who has kept his entire committee busy planning the affair, has scheduled a big entertainment program for the evening.

The committee has recommended that those attending the dinner wear Halloween costumes or Western attire, and prizes will be awarded to those persons who wear the most zaniest or unusual costumes.

ALMANAC

By United Press International

Today is Saturday, Oct. 28th, the 301st day of the year with 64 to follow in 1961.

The moon is approaching its last quarter.

The morning star is Venus. The evening stars are Jupiter and Saturn.

On this day in history: In 1636, Harvard College was founded in Massachusetts.

In 1886, the Statue of Liberty was dedicated on Bedloe's Island in New York Harbor.

In 1918, the Czechoslovak National Committee in Prague proclaimed the establishment of the Republic of Czechoslovakia and the independence of the new nation from Hapsburg control.

A thought for today: French General Ferdinand Foch said "My center is giving way, my right is pushed back, situation excellent, I am attacking."

UNICEF Plan Protests Challenged by Mrs. Marx

Mrs. Donald Marx, Palm Springs chairman for the United Nations, today challenged statements of the Cielo Vista Parent-Teachers Association board concerning "pressure" in the planned UNICEF milk collection campaign.

Mrs. Marx, who emphasized that "the police department is putting on an extra protection for this period," charged that the "implication that the UNICEF banners and cards were illegally at Cielo Vista is a departure from the truth." She said that the "cards and posters were put up with consent, knowledge and cooperation of those in charge of Cielo Vista school."

The Cielo Vista PTA, as reported Friday, had objected to certain actions and displays in a PTA meeting.

Mrs. Marx said that "the PTA

manual advises PTA to adopt measures within their PTA's scope to aid and abet the UN and the UNICEF program — and strongly underscores cooperation in these matters . . ."

"Not only are the problems widespread but there are costly consequences to the rest of the community from lack of such planning," said the statement. "Families who need family planning, guidance and services should be able to receive those compatible with their beliefs and needs," it said.

There was no discussion of the policy statement but Dr. DeWitte T. Boyd, Kern County public health officer, told newsmen that "the population in California and the rest of the United States is growing too fast."

"We think it is time for the health department to respond to this particular responsibility," he said.

Man Wounded After Argument

Willie Parker, 29, 450 N. Calle Encelia, received superficial gunshot wounds after an argument with his ex-wife early today, Palm Springs police reported.

Lucille Allison Reagins, 40, 576 E. Amado Road, told police she shot Parker in the leg as she attempted to shoot over him to scare him.

Parker was treated at Desert Hospital and released at 1:23 p.m. Mrs. Reagins was arrested on suspicion of assault with a deadly weapon.

Rites Set for Harry Teege

Funeral services for Dr. Harry Teege, 76, a retired dentist, will be held Monday, at the Wee Kirk O'Heather Chapel, Los Angeles. Dr. Teege died Friday at his home, 633 Chino Canyon Drive, Palm Springs. He had been a resident here for two years.

A native of Grand Mound, Iowa, he is survived by the widow, Ethel; two daughters, Mrs. Harold Epline, San Clemente, and Mrs. F. N. Merralls, Portuguese Bend; and a son, Dr. Richard L. Teege, Honolulu.

Interment will be in Forest Lawn Cemetery, Wifels and Son, Palm Springs, in charge of local arrangements.

No Danger from Russian Blast

Desert area residents were reassured today by Melville Stark, county Civil Defense coordinator, that there is no danger here connected with the fallout from the Soviet's nuclear bomb explosion Monday.

Initial radiation from that blast is expected to reach California this weekend but will not pose a threat to individuals, he said.

Drive Highlights Mongolism Item

By DELOS SMITH
UPI Science Editor

NEW YORK (UPI) — President Kennedy's drive to improve the lot of retarded children highlights new scientific answers for critical questions pertaining to mongolism. This is one of the most tragic forms of retardation because it is one of the most hopeless.

One question is: Do the parents of one child afflicted with mongolism have a greater than random chance of becoming parents of a second such child? The old answer was, No. The new answer is yes, if the mother is younger than 35. The younger she is, the greater the chance.

Another question is: Can science now identify the parents of one mongolism child with the highest risk of becoming parents of a second? A few years ago such identification was not possible, but now it is, to some extent at least. Science now knows more about human chromosomes.

These new answers come from the Institute of Child Health of the Hospital for Sick Children in London which over the past few years has made a number of notable contributions to scientific understanding of the causes and handling of retardation.

Small Percentage

A tiny but stable percentage of live births are of babies afflicted with mongolism. That percentage is the random chance which all parents are presumed to be subject to. Two statistical studies, one in 1934 and the other in 1956, indicated parents of one mongolism child ran no greater than the random chance of having a second.

But a new study of C. O. Carter and K. A. Evans of the institute's scientific staff found to the contrary, and theirs was remarkable for its scientific thoroughness. It covered 698 mongolism children and their parents. The statistical methods were highly refined.

Carter and Evans concluded that the parents of one mongolism child and who have no other close relative so afflicted, should be told their risk of having a second is one to two per cent above the random. This advice takes no account of the age of the mother.

Decreases With Age

If the mother is under 25, their statistics showed, the risk is about 50 times the random risk. If she is between 25 and 34 the risk is five times the random, but if she is older than 35 the risk approximates the random.

In the past few years science's knowledge of human chromosomes has advanced rapidly, due to new techniques which permit their visualization. The institute's scientific staff applied these techniques to chromosomes of nine families which had two mongolism children each, including grandparents as well as parents.

Three of these families were "carrying" translocations of Chromosome 21 which is the one suspected of being at the root of mongolism when it is missing or disordered in various ways. If their members could have had chromosome examinations, science could have told them their risk of having more babies with mongolism was quite high.

Give Birth Control Info To All Asking

WEST SACRAMENTO (UPI)—California's local health officers believe that public agencies should furnish birth control information to all persons who want it.

The officers Thursday approved without a dissenting vote a "policy of family planning" which included a statement that "family planning is of public health concern."

"Not only are the problems widespread but there are costly consequences to the rest of the community from lack of such planning," said the statement.

"Families who need family planning, guidance and services should be able to receive those compatible with their beliefs and needs," it said.

There was no discussion of the policy statement but Dr. DeWitte T. Boyd, Kern County public health officer, told newsmen that "the population in California and the rest of the United States is growing too fast."

"We think it is time for the health department to respond to this particular responsibility," he said.

Rayburn Serious

DALLAS, Tex. (UPI) — House Speaker Sam Rayburn was expected to receive his fifth cancer treatment in as many days today with a two-million-volt X-ray machine.

Rayburn, 79, is still in serious condition. The last bulletin issued by doctors said there was "no significant change" in Rayburn's condition.

A REALTOR'S NOTES

by isabelle cameron

I am sure you wonder . . . just what starts things going . . . Nature hands us an unbelievable climate! Gorgeous mountains! A bit of sand! The magic of a Palm Springs! And suddenly the whole desert comes alive . . .

Back in 1936 Realtor Don Cameron and Frank Morgan (who needs no introduction) discovered Rancho Mirage . . . The Morgans built an Adobe Hacienda . . . no neighbors or kinfolk around in those days. Mayor Frank Bogert fancied the Red Roof ranch area . . . along came a golfing fellow, one John Dawson and with him the now fabulous Thunderbird Country Club. Cliff Henderson reckoned as how all that land where General Patton trained his troops could spruce up to something . . . It surely did "Palm Desert." Paul Prom, Desi Arnaz, Phil Harris, Milt Hicks, Eddie Sallala, John Curci, Lynn Johnson and others agreed that pretty farm at Indian Wells could become a "beauty spot" might even lend itself to a Country Club and a several hundred room hotel . . . and those rolling Sand Dunes captured the imagination of Terry Ray, Ernie Dunlevie and Ray Ryan . . . suddenly we have Bermuda Dunes . . . and so it goes . . .

Takes vision . . . Imagination . . . a lot of work . . . a feel for the "good earth" . . . It's called Directional Growth . . . Now it's already "growing" . . . but hasn't even started.

In that "directional growth" 113 ACRES . . . it's only sand . . . but right off the freeway. Near Rancho Mirage, Thunderbird, Tamarisk . . . about two miles from where Bob Hope just purchased quite a chunk of land and it's only \$1500.00 per acre.

Safeway Stores think Rancho Mirage is a "Comer," built quite a big store there. It's a shopping center, and just one block from the center, up the hill, on a large view lot there's a well constructed home. Its two bedrooms, bath, large living room with almost wall to wall fireplace . . . plus a guest apartment . . . Quite a buy indeed at \$17,900.00. It's in an estate.

You won't believe it, but for \$5950.00 you can own a really beautiful home-site lot . . . on one of those rolling dunes overlooking the fairways of Bermuda Dunes Country Club. Build your own home or buy for an investment.

\$550.00 per acre is a real great buy for 120 acres, it's in the Thousand Palms area . . . there's really been action there . . . I would suggest you see it for yourself.

Nothing could possibly be lovelier . . . nor could there be a more deluxe location . . . nor a more elegant home . . . its four bedrooms . . . custom contemporary design . . . right on the fairways of Thunderbird Country Club, offered at \$87,900.00.

Would you like a lovely home, with minimum maintenance, custom built and furnished, two bedrooms, den, two baths, built-in General Electric kitchen, pool and large deck area, landscaped, right on the fairways of Indian Wells Country Club where approximately eighty acres of lush green grass maintained by the Club is your front yard, where you can hop in to your golf cart and run down to the club house, or across the fairways to Desi's hotel, where in ten minutes you can do all your shopping, yes even buy your designer's gowns, a pair of shorts. The purchase includes a membership in Indian Wells Country Club . . . if this is your dream, you have it all for \$45,500.00.

Did you know the Junior College will be completed in 1962 and the buildings are gorgeous . . . It's between Rancho Mirage and Palm Desert and not very far from this site we offer you a new home at \$15,950.00 with three bedrooms, two baths, blacked topped driveway. There is an \$11,000.00 loan commitment for twenty years and it is available right now.

. . . It is our pleasure to assist . . . come out and chat . . . Our office is located just where Don Cameron has been since he and Frank Morgan discovered Rancho Mirage in 1936, of course there are quite a few neighbors now . . .

Rancho Mirage

Dick and Rocky On Same Stand

SYRACUSE, N.Y. (UPI) — Former Vice President Richard M. Nixon and New York Gov. Nelson A. Rockefeller, possible contenders for the 1964 Republican presidential nomination, are scheduled to occupy the same speaking platform here Monday.

The occasion for bringing the two powerful Republicans together is the Onondaga County Republican Committee's fund raising dinner.

Nixon was invited to the \$100 a plate dinner, the first ever held in Syracuse, by Rockefeller earlier this year when the two met in Washington.

Big GOP Haul

The GOP organization expects to retain about \$75 from each of the 1,500 tickets sold. Every ticket holder will receive two additional tickets to permit friends into War Memorial Auditorium immediately after the dinner to hear the speeches.

It is the first political meeting of the two prominent Republicans since Nixon, who was beaten by President Kennedy in the national election last year, announced he would actively seek the GOP

nomination in the California gubernatorial race.

Rockefeller campaigned in New York state for Nixon in 1960. Kennedy won the state by more than 383,000 votes. In 1958 Rockefeller captured the state from former Governor Averill Harriman by 573,000 votes.

To keep his political standing, Nixon will have to win the GOP primary in California next year and go on to the governorship.

Rockefeller is sure of the GOP designation in his bid for reelection in 1962.

The two men have expressed divergent views on the 1964 situation.

Rockefeller was asked recently to comment on remarks attributed to Nixon that Kennedy would be unbeatable in 1964.

"I don't think anybody is unbeatable," Rockefeller said.

Both Nixon and Rockefeller feel differently about pledges to serve four-year terms as governors. Nixon has said he would serve a full four-year term as governor of California if he is elected next fall.

Rocky Won't Talk

Rockefeller, who will be seeking re-election, has said he doesn't believe in such pledges.

He explained that it was his belief that "politicians got into more trouble taking positions one way or the other in this kind of matter, anticipating situations before they got to them."

Rockefeller has said he would go to California to campaign for Nixon in the gubernatorial campaign "if things look good at home and he asks me."

The New York governor was asked recently if he objected to people drawing conclusions that he was "available in '64."

"This is a free country," Rockefeller replied. "Anyone is entitled to draw any conclusions he wants, but I don't want to be limited, myself, to take action one way or the other on a situation, until I get there."

Warne Declares State in Need Of Rainfall

SACRAMENTO (UPI)—William E. Warne, state director of water resources, said Thursday that the state would be in "critical condition" next summer if sufficient rain doesn't fall this fall and winter.

Warne said the water reporting year ending Sept. 30 was one of the driest on record. Only the north coastal area received average water supplies.

He said it was the second driest year in 90 years in the south coastal area and the third driest in the central coast and the San Joaquin Valley.

About 60 per cent of the total surface runoff, over 27 million acre-feet, occurred in the north coastal area, with most of it running into the ocean, Warne said. The official said an unprecedented amount of carryover storage three years ago and a vast amount of underground storage prevented disaster in many areas of the state this year.

Palm Springs Realty Office Move Announced

Having recently completed the sales of the Desert Lanai Co-operative Apartment Homes on Sunrise and Tachevah, the Montagnes have moved their business headquarters to their new real estate office at 2235 North Palm Canyon Drive.

The Montagne Realty office, originally established in Northern California over 15 years ago, has been operating in the Palm Springs area for the past several years. The Montagnes have just purchased a new home in Palm Springs where they plan their permanent residence and business activity.

Continuation with the sales of co-operative apartment homes, as they have done in the past, as well as general real estate brokerage in handling residential and income properties, will be carried on at their new office.

AMERICANS IN MORAL LEAP TOWARD NUCLEAR WEAPONS

By LOUIS CASSELS

WASHINGTON (UPI)—A prominent Protestant theologian told a Catholic peace group today that Americans have made a "moral leap" in their attitudes toward use of nuclear weapons.

The Rev. Dr. John C. Bennett, dean of the faculty at Union Theological Seminary in New York, spoke on "Christian Ethics and Foreign Policy" before the annual meeting of the Catholic Association for International Peace.

He said Americans have gone through three stages in their moral attitudes toward nuclear weapons.

"First, we were quite easily

convinced that we should have nuclear weapons as a deterrent because the possession of them would almost certainly prevent the need of using them.

"Then, when pressed about whether or not we would ever use them to make good on the deterrent, most Americans probably were agreed that they would be used massively against an attacking power.

"Today, because of the strategic exigencies in connection with the defense of West Berlin, there is great pressure upon all of us to give moral sanction to the initiation of nuclear war against the Soviet Union if we should be frus-

trated in the use of conventional weapons at some stage in the defense of West Berlin."

Some advocates of this course, he said, argue that the United States could use "small nuclear weapons" in a battlefield situation around Berlin, without necessarily touching off an all-out nuclear war.

Make Moral Leap

In spite of this "refinement of the issue," he said, "I believe that there is a moral leap from the posture of deterrence to the will to initiate nuclear war at some stage in a conflict, and that this moral leap has not been faced or discussed among us."

Bennett said he does not share the viewpoint of "nuclear pacifists" who would have the United States unilaterally renounce use of nuclear weapons. He said it would be "psychologically and politically impossible"—and in his opinion morally wrong—for the U.S. government to follow a policy that would "leave the Communist world with a monopoly of the most decisive form of power."

Underwater Tests

SAN DIEGO, Calif. (UPI)—The Navy's bathyscaphe "Trieste" has begun a new series of underwater tests to collect data for use in anti-submarine warfare.

FRIENDSHIPS which have lasted 30 years were celebrated at the Racquet Club when Ann Matric of Pittsburgh, Mrs. Helen Grant of Washington, D.C., and actress Arlene Judge,

from left, vacationed at the club. Miss Judge's son, Wes Ruggles Jr., has just completed producing "Out of the Tigers Mouth" in Hong Kong. (Anderson Photo)

Diesel Locomotive New Entry in Field

By JESSE BOGUE
UPI Financial Editor

NEW YORK (UPI)—The entry of a new diesel locomotive into the railroad equipment field reminded many railroad men today that, like many forms of motive power crowding the land the skies today, the diesel is a comparatively young product.

John F. Gordon, president of General Motors Corp., recalled that it was in 1935 — that GM "plowed up an Illinois corn field" to build its first Electro-motive plant in La Grange, a Chicago suburb where it has been located ever since. Its plant has expanded from an original 200,000 square feet to its present 3 million.

In discussing the prospects for Electro-Motive's new GP-30 locomotive, Gordon said that he believed the expanding economy and increase in productivity of the nation would be so rapid "that they will strain the resources of the entire transportation industry."

He said that barring a major war, he could not see how anyone could look into the future development of the economy "without seeing America's railroads playing a major role. I fail to see how anybody can view our railroad industry with anything but long-term optimism."

What Gordon lacked the time to recall, but what many in his audience of veteran railroad men could remember, was the development in the early 30s of the diesel locomotive.

Ralph Budd of the Burlington generally is given credit for being the man whose interest in diesel-powered locomotive development saved the oil-burning vehicles their start in a transportation field dominated until then by the coal burning Iron Horse.

Electro-Motive built the power plant for the diesel which Budd wanted, completed in February, 1924. It was the pioneer Zephyr streamliner.

Page 4 THE DESERT SUN Saturday, Oct. 28, 1961

ANNOUNCEMENT has been made of the betrothal of Patricia Hicks, daughter of Milton Hicks of Palm Springs and Mrs. James V. Guthrie of Honolulu, to Joseph Patrick Carroll. They are planning a wedding in late January.

Patricia Hicks to Wed Joseph Carroll Next Year

Mr. and Mrs. Milton Hicks announced the engagement of his daughter Patricia Alyce Hicks to Joseph Patrick Carroll at a buffet dinner at the Hicks' home at 1290 Via Vespero.

Patricia is the daughter of Mrs. James V. Guthrie of Honolulu, a graduate of Anokaia School for Girls, she attended the University of Hawaii and pledged Gamma Chi Sigma sorority. She is now affiliated with the Holiday Inn.

Her fiancé, son of Mr. and Mrs. Virgil R. Carroll of Inglewood, Colorado, attended the University of Colorado for four years and served an additional four years with the United States Navy. For the past three years he has been golf professional at Indian Wells Country Club. Silver streamers and white wedding bells decorated the patio, where the buffet was set up.

The bride-to-be and her fiancé were toasted by the following guests: Messrs. and Mrs. Fred Ingram, Trav Rogers, Jack Kenaston, Dan Forlani, Harold Hicks,

James Hicks and Mr. Raymond Knowles. They plan a wedding in late January.

Hear Winner Of Scholarship

Miss Gracia Boynton, holder of a Soroptimist Foundation Scholarship for study in Spain during 1960, spoke at the Pacific Region Soroptimist Conference luncheon today at El Mirador Hotel.

A graduate of Pomona College, she holds an M. A. degree from Claremont Graduate School in Latin America, and is assistant professor of languages at La Vern College.

While living in Madrid, Spain, she studied the problems of Hispanoamericanism and the importance of culture on an international level.

She spoke briefly about her studies and experiences in Spain.

Parties Honor Newlywed Pair

The Ray Blumenthals (she was the former Dorothy Lynch) who were married this past summer, have been honored at numerous parties. Dorothy's sister, Mrs. Bill Sackheim and her husband (he's vice president of Screen Gems), entertained around 200 at cocktails at their Tower Road home in Beverly Hills, and Ray's parents, the Ray Blumenthals Sr. hosted a dinner for 75 at the Bel Air hotel, honoring the newlyweds.

PICKLE-WICH

NEW YORK (UPI) — Vegetable-pickle sandwiches are especially good lunch hour eating. Combine 1 (8 ounce) package of cream cheese, softened, with 1 medium sized tomato, diced, ½ cup of chopped celery, 13 cup of chopped sweet fresh cucumber pickles, 2 tablespoons of mayonnaise and 2 teaspoons of prepared mustard. Makes enough for 6 rye bread sandwiches.

For Spots

To remove alcohol spots on an oak floor, rub with a cloth treated with liquid paste wax, silver polish or boiled linseed oil or with a cloth dampened slightly with ammonia.

Canadian Couple Honeymoon Here

Edith and Gordon Ross of Whistling Palms have entertained her niece and nephew, Carol and Brian Mallett of West Vancouver, B.C., in their home during the past week.

The Malletts, who are newlyweds, motored to San Francisco following their wedding and flew on to Palm Springs for their honeymoon. Today, they are at home in West Vancouver.

Sigma Kappa Sorority Elects Dianne Copass President

University of California at Santa Barbara student Dianne Copass brought good news, when she arrived home unexpectedly to visit her parents, the Jack Copasses of Calle Marcus.

A sophomore student, Dianne has been elected president of her Sigma Kappa sorority pledge class.

Talented Dianne also announced that she will play the bells, and march in UCSB's Homecoming Parade, and on Nov. 4 she will travel to the L. A. Coliseum, where she will play the bells during the Santa Barbara - Davis game.

Dianne received her musical

training while at Palm Springs High School, where she played bells in the school band, and the timpani (kettle drums) in the concert orchestra.

Her talent has been well appreciated by her sorority sisters.

She added to the atmosphere at a Sigma Kappa Italian Party by playing the accordion, and at most

A new sterile disposable diaper reduces the chance of cross-infection in hospital nurseries. The new diapers come in sterilized, sealed packages of 12 diapers each. A tear-string opening permits easy access. (Johnson and Johnson, New Brunswick, N. J.).

every sorority function, you will find her perched upon a piano bench.

If it takes talent to become president, Dianne certainly is deserving of her new office.

Strike While

NEW YORK (UPI) — Here's how to clean starch from a hot iron without wasting time for it to cool: rub a damp cloth with soap, place this over several layers of paper, and run the iron back and forth over it. If necessary, the Cleanliness Bureau suggests, repeat the process. Then press over a clean damp cloth and proceed with your ironing.

AN INFORMAL DINNER at the Racquet Club welcomed top national and regional officials here to attend the weekend conference of Pacific Region, Soroptimist Federation of the Americas Inc., which continues through Sunday at El Mirador Hotel. Here, Polly Isenagel,

president of the Soroptimist Club of Palm Springs, on left, is pictured with Federation President Mrs. Dora S. Lewis of New York City, center, and Regional Governor Mrs. Edna Wirt Woods of Ventura. (Desert Sun Photo)

Realtors Stage Round Up at Ranch Club on Monday

It will be a Realtors' Round Up, an old-me get-together party, when Palm Springs realtors and their husbands and wives gather

at the Ranch Club Monday evening at 7:30, for dinner and a social evening.

BIRTHS

At Desert Hospital
FOUNTAIN, Mr. and Mrs. J. A., P.O. Box 224, Thermal, a boy, seven pounds, 14 ounces, Oct. 21.
BOND, Mr. and Mrs. John, P.O. Box 1546, Cathedral City, a girl, 10 pounds five and one-half ounces, Oct. 22.
MAYFIELD, Mr. and Mrs. Paul, 63-620 Las Vegas Road, Palm Springs, a girl, seven pounds, nine and one-half ounces, Oct. 22.
BECKER, Mr. and Mrs. Jerry, 537 C Street, Cathedral City, a girl, six pounds, 10 ounces, Oct. 21.
ROGERS, Mr. and Mrs. David, 35-470 Corregidor, Cathedral City, a boy, nine pounds, three ounces, Oct. 24.
HERRERA, Mr. and Mrs. Frank, 68-821 Second St., Cathedral City, a boy, seven pounds, one ounce, Oct. 25.

Theresa Press, Realty Board president, will preside at the dinner, and Roy Randolph has arranged a program that will include such gimmick entertainment as "What's My Line?", speeches with no speakers, square dancing a la carte, and the two "Gold Dust Twins" Jules DeVorzon and Morey Thal doing a number from "The Last of The Mohicans."

There will be prizes for the best western attire, and Marjorie Baron and Mrs. Billy Wright will be hostesses for the evening. Tickets will be available at the door.

In time for reconditioning sun-dried, brittle hair is a cap, similar to caps used in beauty parlors. Hair cream intended for use with the electrically-heated cap provides oil treatments, the manufacturer reports. The cap is plastic-lined with rubberized waterproof fabric and comes with an extra washable liner.

Clubwomen Will Honor Benefactor

Ushering in a gala new fall season and honoring one of its most distinguished members, Palm Springs Woman's Club will use traditional Halloween decorations in its newly re-painted and refurbished clubhouse, when it holds a welcome tea for new members on Monday afternoon.

The day has been dedicated as "Pearl McManus Day," in affectionate appreciation of the interest which Mrs. McManus has evidenced in the club, and a program of exceptional merit has been chosen for the occasion by Mrs. Howard Matthews, program chairman.

Mrs. Matthews will present Jane Ardmore, author, career woman, wife, homemaker and mother. An authority on Hollywood personalities, she has collaborated with many noted film stars, in writing their biographies.

In her talk, "Women This Is Your Life," Mrs. Ardmore will deal with today's woman and her life as it has been depicted on the movie screen, from Mary Pickford of the silent screen to Liz Taylor, this year's Academy Award winner.

Club President Mrs. Irwin Wright will conduct the meeting, welcoming new members.

Following the program, members of the executive board, will act as hostesses, presiding at the tea table. Assisting Mrs. Wright will be: Mmes. Marvin D. Cartwright, Louis A. Lombard, George O. Wheeler and Misses June Jungmeyer and Hazel Gross.

Also: Mmes. Charlotte B. Goodwin, George Chandler, Howard M. Matthews, Jerome H. Dreier, Charles D. Greason, Vera Farrell and Cornelius Maffie.

A toothbrush holds a supply of toothpaste in the handle. Turn a small dial at the end of the handle and the toothpaste spurts up through the bristles by vacuum action.

Around Town

with Hildy Crawford

Saturday, Oct. 28, 1961

THE DESERT SUN Page 5.

Thunderbird's formal opening dinner dance last night, preceded by two cocktail parties, one given by Louise Nicoletti and B. J. Sanchez at Louise's home, and one hosted by that popular bachelor Jock Williamson, made a bright spot on the social calendar.

Soroptimists' beautiful ruby and pink banquet at Chi Chi and the Desert Press Club's meeting at Eiltmore, were additional events that made for an unusually busy Friday night around town.

It was just good training for tonight's festivities, when a lot of people are having to choose between or try to combine, a formal opening dinner dance at Eldorado Country Club and the western ranch party out at the Clancy Lane home of Dr. and Mrs. John Costello, that has been considered a season opener for a dozen years or more. A dinner jacket at the Costellos' or a western outfit at swank Eldorado would look equally out-of-place, so it will be interesting to see if anyone tries to make both of them. Dozens of Angelinos will be coming down, as they do each year, for the Costello party, and there are certain to be many more down for the Eldorado opening, which should be an unusually gay one, as Bernie Richards is playing.

year and a half old. Mrs. Miller is the former Jean Hicks, daughter of Harold Hicks, who is now a three-way grandfather as son Jim has a little boy, named Timothy James.

The Millers are living in Philadelphia, while he continues his medical studies.

Sunday nighters in front of their television sets might like to watch the NBC "World of Hope" show, which not only has Palm Springs' Honorary Mayor Bob Hope and his script girl Jan King in it, but also has a number of Palm Springs shots.

Bea and Herman Wittenberg are settled down for the winter season in their Girasol Avenue home, after spending three and a half months in New York. Their lengthy vacation including visiting with their daughters and sons-in-law, the Stanley Essigs and Michael Cohens, and with Bea's mother Mrs. Fannie Kalish.

When Thunderbird women golfers started play this year they welcomed into their midst, a bride and a new golfer, Victoria Cutait, who was married this summer to Barney Gengenbach. Vicki and Barney, who recently returned here from Dallas, plan to occupy their Thunderbird home this winter.

Pepe Callahan's friends and admirers turned out for the opening of Tampico, ordering salt-rimmed margarites and well-chilled steaks, applauding Josellio the flamenco guitarist, and delighting in Pepe's full-throated rendition of "Granada" and "El Reloj."

In the crowd were the Frank Bogertis, Pete Petersons, John Seamans, Blake and Ray Corliss, Beverly Fretz, the Bill Codys, Jaquie Cole, Mrs. Albert Trinkle, and the Codys' houseguest Father Joseph Vaskas of Illinois, Pat and Chester Moorten.

Mr. and Mrs. Milton Kimmelman of New York, Bill Zola, Gladys Stryker and Marshall Boya were another one of the opening night dinner parties.

A baby daughter was born to Mr. and Mrs. Kenneth Miller in Philadelphia on Oct. 25, making two daughters for the Millers, whose Caroline Theresa is now a

A SERIES OF SIX book salon luncheons by Edna Lillich Davidson, similar to the ones she did last winter, will start at El Mirador on Nov. 8. (Eddie Hoff Photo)

Margery Wilson to Appear At First of Book Salons

Edna Lillich Davidson, who conducted a series of three book salon luncheons at El Mirador last winter, will start her second season on Nov. 8 at noon, presenting Margery Wilson as her guest author. The luncheons, which will be held on the second Wednesday of each month, through November to April, will be held in El Mirador's Starlight Patio, with luncheon served promptly at noon, and the program scheduled for 1 p.m.

The salons include reviews of books and plays and musicals, with concert pianist Leslie Somerville with her again this season. In addition to the reviews, Mrs. Davidson reads and acts out portions of the books and sings some of the songs from the new Broadway hits.

Opening program on Nov. 8, will include reviews of "The Age of Reason" by Will and Ariel Durant, "Rembrandt" by Gladys Schmidt, "The Agony and The Ecstasy" by Irving Stone, "The

Sea Venture" by F. Van Wyck Mason, "Las Vegas: City Without Cocks" by Ed Reid, "Sinclair Lewis: An American Life" by Mark Schorer, "Citizen Hearst" by Q. A. Swanberg and "Inside Europe Today" by John Gunther.

Author Margery Wilson will discuss and autograph copies of her new book "How To Double Your Energy And Live Without Fatigue." This author is a pioneer in teaching personality and is both a gifted lecturer and counselor.

The series of six lectures is by subscription, but subscribers are privileged to bring guests to the luncheon. Reservations must be made in advance with Mrs. Sally Sweet, 325-6112.

Mrs. Davidson hosted a luncheon at El Mirador honoring representatives of various civic organizations, who are interested in the book salon luncheons, which are similar to the ones she has conducted in Beverly Hills and other communities for a number of years.

ANGEL NEEDED!

Lack of Backing Ends Season for Football Team

Two dozen young football players were greatly disappointed the other night as they raced onto the field to take on an opponent.

The game was cancelled. It was the Boys' Club tackle football team and its season was called off because of a new policy in insurance ratings which makes it prohibitive for the club to continue backing the team.

Instead of about \$2 per player, the new rates this year are about \$300 per team. With so many other things needed at the Boys' Club, it was decided to cancel the team's schedule.

Never an Injury

The squad consists of players 15 and under weighing 135 pounds and under. Although it has played several years, Boys' Club Execu-

tive Director Ray Lockwood reports that there has never been a serious injury necessitating doctor's care.

When asked if the Club would like to hear from a sponsor for the insurance, Lockwood countered with: "What we'd like is a sponsor for a P. P. Warner football team."

Lockwood said a good schedule could be worked up with Pop Warner teams in several nearby areas including Covina, Fontana, and San Bernardino. Some of those areas have Junior High School football as well.

Lockwood thinks a good team could emerge from the efforts already expended in the tackle football program. All the squad needs is an "angel."

Top Entries in Salton Sea Race

SALTON SEA — National champion boat racer Bob Patterson, of Van Nuys, has joined the growing list of boat champions entered in the Salton City 500 Mile Boat Race to be staged here Nov. 11 and 12, according to Race chairman Bob Martin.

Patterson, San Fernando Valley boat dealer and veteran racer, copped the national record in the hot "Crackerbox" inboard class last summer at the National Inboard Races held in San Diego, as certified by the American Power Boat Association.

Top attraction for the drivers from Canada, Mexico, and the U. S. A. already entered in the 500 mile will be the guaranteed \$12,500 in cash purses for winners in three classes: inboards, single and twin - engine outboards. A growing list of side prizes will also go to the winners, with lovely screen star Ruta Lee, Queen of the Salton City 500 Mile Boat Race, on hand to make the awards.

The big race will be held over the Veterans Day holiday weekend with heats of 250 miles (50 laps) each day over the five mile course. Qualifying runs for the 99 spots open in the three classes will begin on Friday, Nov. 10.

Dunes Ladies Hold Opening Tourney

Results of the opening event of the Women's Auxiliary at Bermuda Dunes — a Halloween party — gave Mrs. Herman Winston winning honors with first low net in the medal play, with Mrs. Don Driskel second and Mrs. George Glasoff in third place.

In a low putts division, Mrs. Driskel won the award. First prize for costumes went to Mrs. James Mapes and Mrs. Will Kelly.

OLD TIMER

CHICAGO (UPI)—At 66, George Halas of the Chicago Bears is the oldest coach in professional football. He also is the only owner-coach in the business.

Sunday Doomsday in NFL

By NORMAN MILLER
United Press International

To hear most National Football League coaches talk, every Sunday is a day of doom.

Paul Brown, the somber mastermind of the Cleveland Browns, sums up the sentiments of his coaching fraternity this way:

"There just aren't any weak sisters in this league. You have to be ready to go all out each week or you're in trouble. Winning a game in the late stages appears to be a weekly occurrence. It's a flip of the coin how the game comes out."

Of course, there are some who might not wholly agree with Brown's idea about no weak sisters in the NFL. The Washington Redskins, for example, have lost 14 straight games and have been shut out in their latest two starts.

Never Easy

But does the coach of Washington's next opponent, Nick Skorich of the Philadelphia Eagles, consider the "skins" a soft touch? Not on your tear-soaked crying towel! Commented Nick:

"We made the mistake of over-

confidence the first time we played Washington and barely won (14-7). The Redskins always play well against the Eagles. And they'll be even tougher this week because they've been blanked twice and will be smarting after two bad games."

Does coach Vince Lombardi of the Western Division - leading Green Bay Packers think his team can extend its five-game winning streak in Sunday's return meeting with the Minnesota Vikings?

"It's tough to get a streak like that going in this league," Lombardi cautions. "They're all tough."

Now the Odds

Whether the coaches were cheerful or gloomy, however, the odds-makers had their own ideas about how Sunday's programs shaped up. Here is the "line":

Green Bay 22 over Minneapolis at Milwaukee; Giants 13 over the

Dallas Cowboys at New York; Philadelphia 14 over Redskins at Washington; Bears-Colts at Baltimore, even; Lions-Rams at Los Angeles, even; Forty-Niners 6 over Steelers at Pittsburgh, and Browns 4 over Cardinals at St. Louis.

In the American Football League, it was the unbeaten San Diego Chargers by 20 points at home over the Denver Broncos; New York Titans 6 over Oakland Raiders at San Francisco; Houston Oilers 6 over Bills at Buffalo, and Texans 6 over Boston Patriots at Dallas.

MODERN DAY EARPS IN 'FAST DRAW' TOURNEY

By HAL WOOD

LAS VEGAS, Nev. (UPI) — When you say that, smile podner. The Old West lives again in drawing rooms and the outdoors from coast to coast under the growth of a remarkable fad called the "fast draw."

Would you believe it? There are more than a million fans who are members of hundreds of "fast draw" clubs around the country as they attempt to emulate such old-time experts as Billy the Kid, Matt Dillon, Wyatt Earp and Bat Masterson.

And the climax to a year of practice comes in Las Vegas each winter when the National Open Walk and Draw Fast-Draw Championship is held.

The fourth annual event will be staged this year under the spon-

sorship of the Sahara Hotel at the big Las Vegas convention center.

East and West

Most of the current "gun slingers" come from the West, just as they did before the turn of the century. But there are hundreds of clubs and many of these are in the East.

And most of the members would shoot down the current TV Western stars before they could get their thumbs out of their suspenders.

An exception to the rule, however, is a fellow named Clint Eastwood, star of Rawhide. While the other stars don't enter this meet — they'd be gunned down in the first round and thus suffer a blow to their pride and publicity — Eastwood will be in the competition. Even he, however, doesn't expect to last very long in the individual matches.

Among the big names who will compete will be Bob Six, president of Continental Airlines. He belongs to a club of company executives called, naturally, the "Six Shooters."

Two Types

The impetus for the national fast-draw competition was brought about by the tremendous success of westerns in TV. And the Colt Arms people report their sales have soared since the growth of the clubs around the country.

The competitors usually dress in authentic Old West costumes. Often members will do research to find out what an old hero wore and will dress like him.

The world record for the fast draw is in dispute. But Rodd Redding, the Indian who teaches the Hollywood gun-slingers, claims a record of 16-100ths of a second. The championship was won here last year by an amateur named Jack Simms, Mountain View, Calif. He won the crown with a clocking of 42-100ths of a second in the finals.

He'll be back to defend his crown—if he doesn't get gunned down in the meantime by one of his own bullets while practicing.

REPORT

on the

SHELL NEWSPAPER CAMPAIGN

Last fall, newspapers all over the country carried the story of an extraordinary advertising campaign, one without precedent in the petroleum industry: the Shell Oil Company had decided to place its multi-million dollar budget almost entirely in daily newspapers.

The campaign was reportedly designed to:

1. Stand out by its dominant position in a major medium. 2. Get additional impact by appearing in a medium where a long product story could be told effectively. 3. Be of a "newsy" nature in the primary news medium.

A campaign of this nature was bound to be watched closely, not only by oil men and newspaper men, but by people in advertising and marketing. As the campaign progresses, questions are asked. How well is the campaign doing? Are the ads making an impression on newspaper readers? What is the reaction of the dealers—the all-important point of consumer contact in the vast Shell sales organization?

Readership Records

Preliminary studies have been made by independent research firms both for Shell and for the Bureau of Advertising of the American Newspaper Publishers Association. These studies, conducted during the first half of the year's drive, provide some of the answers to these questions.

A Bureau analysis of readership studies by the Daniel Starch organization covered more than 18,000 newspaper ads from 1952 to 1959, including all gasoline and oil ads in the size category into which the Shell ads fall. The average "noted" score by men for all the petroleum ads was 32%, and the highest ob-

servation attained by any one of them in the eight-year period was 59%.

Fourteen ads in the current Shell campaign have now been measured in similar fashion. Every one of the fourteen exceeded the eight-year average; eight of them even topped the previous record score, and one set a new high of 81%.

Also significant were the "read most" scores, in which a respondent's "yes" answer indicates he read at least half the copy. Against a 10% "read most" average for petroleum ads, the Shell copy has been averaging almost double this, and has attained scores as high as 41%—a notable performance in view of the fact that Shell's ads carry long, detailed, and sometimes technical text matter. These results confirmed Shell's confidence that a long copy story can get across to newspaper readers—one of the major reasons for Shell's choice of the medium.

"Before and After"

The ads' impact on consumers was measured by a two-city "before and after" study made for the Bureau of Advertising by ARB Surveys, Inc. Before the start of the campaign, the respondents were tested on their general advertising awareness—did they recall seeing any gasoline advertising? In both cities, 7% named Shell advertising. Only three weeks after the new campaign started, a similar question produced 17% and 19% unaided recall for Shell ads in the two cities. With aided recall—did they remember seeing any Shell advertising?—the positive responses jumped to 32% and 40%. (Subsequent research, in

later stages of the campaign, has produced even higher scores.)

In another study, comparative attitudes toward Shell and the respondent's usual brand of gasoline were sought in three cities—a case of "stacking the deck against yourself," as it were. "Which company," the consumers were asked, "Shell or (the respondent's own brand), is doing the most work in product research and scientific development?" Consumers actually rated Shell ahead of their "own brands" by a margin of 37% to 22%. The question was also asked, "Which company, Shell or (the respondent's own brand), is doing the best job of giving people the straight facts about gas and oil?" The score was: Shell 26%; "own brands" 25%.

Dealers Say "Yes"

In a survey designed to determine dealers' reactions to the campaign, interviewers asked 6,000 of them: "Is the new campaign better than, as good as, or not as good as last year's?" Nine out of ten of the dealers who expressed an opinion called the campaign "as good" or "better." By far the majority answered "better."

Thus, at the halfway point in Shell's 1961 newspaper campaign, it was clear that the persuasive selling messages were reaching a record number of newspaper readers, registering a distinct impression with them, and developing new high levels of dealer support.

An appropriate summing up of the preliminary evidence is this statement by one of the prime movers behind the project:

"The campaign is working. The voice of Shell is being heard this year. We intend to keep it that way."

ANOTHER EXAMPLE OF NEWSPAPER SELLING POWER AT WORK

Published in the interest of more effective advertising by

The Desert Sun

HARD PLAYING is the highlight of the Marine's current six-man football league presently underway in Twentynine Palms. At the Bulldogs-Terriers game Wednesday, the Terriers suffered their first loss of the season when the Bulldogs dumped them in the final two quarters with a 35-12 score. (Desert Sun Photo)

Marines Play Exciting Six-Man Football

TWENTYNINE PALMS — At the season's half way mark, the Marine football league has proven that the new six-man football teams are more exciting and as much fun to watch as the normal 11-man game.

This is the first year the Marines have tried the abbreviated teams and they consider the effort worthwhile because more of the boys area beoaiacptlpttr the boys are to participate. The "Goldenhawks" have a 4-0 record with Bill Whitaker, the

Pacemakers League In Bowling Action

Last night's Pacemakers league at PS Bowl saw Blotter Electric take a 4-0 match from Moose Lodge with Ethel's Hideaway and Lido Terrazzo winning 3-1 games from Simsarian and Hertz Rent-a-Car.

High series for the night went to Norman Wilson with a 518, while high game went to Fred Goetz and Clem Lux who tied at 201.

STRATEGY ON CHAMBERLAIN IS TO STOP REST OF TEAM

By United Press International

Someone asked Los Angeles Laker Coach Fred Schaus the other day how he would go about stopping the Philadelphia Warriors' elegant Wilt Chamberlain and Schaus candidly replied:

"We can't stop him. We'll be content to give him 50 points and try to hold down Tom Gola and Paul Arizin."

This also seems to be the strategy of the rest of the National Basketball Association teams. Wilt got his 50 Friday night—55 to be exact—but Gola and Arizin were held to a total of 31 as the Syracuse Nationals rallied to win the Warriors, 126-122, in Philadelphia.

Come From Behind

Syracuse trailed by 15 points late in the third period, but rallied as Dolph Schayes and Dave Gambee began to hit. The Nats

Nevada-Bound Can Gamble on Fish Catch, Too

SEARCHLIGHT, Nev. — Non-piscatorially inclined wives keep telling their husband-anglers that it would be cheaper to buy fish at a market than go after them with rod and reel.

Generally the little woman has something. But Palm Desert's Willie Martello, owner - operator of the El Rey Resort here, has come to the aid of male anglers.

Martello has launched a weekly Silver Dollar Fish Derby at Lake Mohave, which is only 13 miles east of his gambling spa. He provides complimentary round-trip flights to Searchlight from Palm Springs Airport each Sunday morning and is offering 25 silver dollars to the fisherman with the biggest catch of the week at his El Rey Club.

If you plan a fishing trip up Searchlight way, all you have to tell your wife is: "But honey, I may catch the big one that's worth 25 bucks."

Wilt the Stilt

Deferment Bid For Hornung Draws Protests

GREEN BAY, Wis. (UPI)—Politics and poker maybe, but not politics and pro football.

Fans of the Green Bay Packers had requested help from Sen. Alexander Wiley, R-Wis., to seek deferments until the end of the season for three players called to active military duty, including half-back Paul Hornung, linebacker Ray Nitschke and slotback Boyd Dowler. Wiley complied, and Friday, two Republican congressmen from the state were down his back.

Rep. Alvin E. O'Konski said "chaos" would result if military deferments were given to entertainment figures such as professional football stars.

"I am not in favor of selecting individual football stars for deferment," said Rep. Melvin Laird. "This is certainly not in the national interest."

Top Flight Entertainment

After some top-flight entertainment from the Palm Springs High school band and baton and pom pom girls, the Indians came out in typical style and marched 60 yards for their only score. Taking an out-of-bounds kick-off on their own 40, the Tribe scored in 16 plays in five and a half minutes with the Bradley boys and Wayne Bussberg taking turns carrying the mail. The drive was also helped by three Twentynine Palms off-sides penalties.

Bill Bradley made the score by sneaking in from the two yard line after Bussberg set it up with a first down. Bradley's extra point run try failed, and the In-

di-ans had made their final score for the night.

The Wildcats called it quits on scoring shortly later. Taking the kick-off on their own 32, Huntington did most of the work as Twentynine Palms moved in for the kill.

Best run of the drive was Huntington's 20-yard effort taking the ball to the Indian 47, and best ball was Huntington's 38-yard toss to Ed Pease which took the ball to the Indian 20. From there, the star Wildcat—who carries lucky number 13 on his back—scored the final Twentynine Palms markers.

Senators Win First Draft Pick On Flip of Coin

NEW YORK (UPI)—The Washington Senators have won the right via the toss of a coin to make the first pick in the annual major league draft which is scheduled for Nov. 27 at the Tampa Terrace Hotel in Tampa, Fla.

The Senators and Kansas City Athletics finished in a tie for last place in the 10-team American League last season and their representatives flipped a coin to decide which should get first choice. The teams draft players from the minor league in the inverse order to their finish in this year's pennant race.

Players cost \$25,000 apiece in the original draft which will be followed by the regular draft but will be permitted to pick two players each when the drafting is completed.

Indians Upset by Wildcats

**Final Score:
Huntington 19,
Palm Springs 6**

By GENE JOHNSON

There is no joy in the teepee today. And the high desert is higher than ever. A one-man team named George Huntington, with some casual help from 10 other guys, ruined the evening for the Palm Springs fans last night and the Twentynine Palms High School Wildcats beat the Indians, 19-6.

There may be plans afoot to change the name of the high desert community to "Huntington" after what happened. Coach Gene Moffett's super-star led his team on both offense and defense and the Indians could get untracked only once and had to settle for six points.

Statistics show that Huntington carried the ball 23 times for net yardage of an even 100 yards and passed 12 times, completing three for 69 yards with one intercepted.

In comparison, the rest of the Wildcat backfield toted leather only 10 times all together, and picked up a net 46 yards—so, without Huntington, Twentynine Palms might be licking their own wounds today.

Same Old Story

It was the same old story with the Tribe. A blocked punt here, an intercepted pass there, and a fumble every so often ruined their chances. They suffered two intercepted passes last night, one on the Wildcats goal line late in the game.

Only mistake Twentynine Palms made—except for some eager off-sides penalties—was a fumble early in the second quarter after taking a partially blocked Bill Bradley punt. It was caught by End Mike Zachry on the 45 and he scampered to the Indian 25 where he fumbled for the only break of the night for the Tribe.

Huntington passed for the first score, set up the second with his running, set up the third with a 38 yard pass and then scored it himself.

First marker was put up in the first 40 seconds of the second quarter when Huntington unwound his pitching arm on a third-and-eight situation and passed 24 yards to end Bill Alden in the end zone.

Second Wildcat score came seven minutes later after the Indians gambled and lost on their own 26 with a fourth- and -11 situation. Twentynine Palms took over and four plays later, Jim Lewis steamed into pay dirt from the six-Huntington's extra point made it 13-0 and that's the way it was at the half.

After some top-flight entertainment from the Palm Springs High school band and baton and pom pom girls, the Indians came out in typical style and marched 60 yards for their only score. Taking an out-of-bounds kick-off on their own 40, the Tribe scored in 16 plays in five and a half minutes with the Bradley boys and Wayne Bussberg taking turns carrying the mail. The drive was also helped by three Twentynine Palms off-sides penalties.

Bill Bradley made the score by sneaking in from the two yard line after Bussberg set it up with a first down. Bradley's extra point run try failed, and the In-

di-ans had made their final score for the night.

The Wildcats called it quits on scoring shortly later. Taking the kick-off on their own 32, Huntington did most of the work as Twentynine Palms moved in for the kill.

Best run of the drive was Huntington's 20-yard effort taking the ball to the Indian 47, and best ball was Huntington's 38-yard toss to Ed Pease which took the ball to the Indian 20. From there, the star Wildcat—who carries lucky number 13 on his back—scored the final Twentynine Palms markers.

Lee Orr won ladies scratch trophy with a 423 and Marcy Beckerly won ladies handicap trophy with a 580. Willie Buresh, a new bowler, turned in a 200 game as did Syvester on the way to his series. Jesse Fallon turned in an open play 252 later on in the night to join the 250 Club.

High games and series at the Lanes for the 61-62 season have Vic Knox at top series with a 666, followed by Leroy Segundo at 624, Ray Newell at 621 and Rick Scarms at 618. High game for the season so far is owned by Morrie Kozlin at 267, with Vic Knox on a 266, John McGarry 257, Ray Newell and Rick Scarms both holding 255's.

Ladies high series is owned by Helen Specht at 506 and high game honors by Mousie Powell at 214.

STAR WILDCAT backfield George Huntington ran into Indian defender Bill Bradley in this play last night after he had picked up some good yardage. The one-man team netted 100 yards on the ground and his

passes picked up 69 more as he led the Wildcats to victory. Indians in the picture include Luke Imboden (64), Bill Aussieker (52), Mike Fontenot (18), and Bob Duran (62). (Desert Sun Photo)

Yucca Golfing Test Underway In Play Today

YUCCA VALLEY — The First Valley Country Club Invitational Golf Match got underway this morning with 65 players making up the roster.

The match, sponsored by the Yucca Valley Chamber of Commerce, drew name golfers from throughout Southern California.

Some of the better known amateurs who accepted the invitation to play are: Dick Runkle, Los Angeles; Johnny Weismiller, Los Angeles; Les Brown, Jr., Los Angeles; Hoagy Carmichael, Jr., Palm Springs; Chuck Soper, Hacienda; and Col. Dave Cox, Twentynine Palms.

Palm Springs golfers are represented by "O" "K" Ferry and his son, Dick, from Indian Wells, and George Hair, Larry Sitter, John Lake and Fritz Blotter, all from O'Donnell. Also John Carroll and Ray Kelley have indicated they would play.

Roger Lenhardt, the YVCC Pro, announced that two starlets would be on the course throughout the play, furnishing players with refreshments.

dians had made their final score for the night.

The Wildcats called it quits on scoring shortly later. Taking the kick-off on their own 32, Huntington did most of the work as Twentynine Palms moved in for the kill.

Best run of the drive was Huntington's 20-yard effort taking the ball to the Indian 47, and best ball was Huntington's 38-yard toss to Ed Pease which took the ball to the Indian 20. From there, the star Wildcat—who carries lucky number 13 on his back—scored the final Twentynine Palms markers.

Lee Orr won ladies scratch trophy with a 423 and Marcy Beckerly won ladies handicap trophy with a 580. Willie Buresh, a new bowler, turned in a 200 game as did Syvester on the way to his series. Jesse Fallon turned in an open play 252 later on in the night to join the 250 Club.

High games and series at the Lanes for the 61-62 season have Vic Knox at top series with a 666, followed by Leroy Segundo at 624, Ray Newell at 621 and Rick Scarms at 618. High game for the season so far is owned by Morrie Kozlin at 267, with Vic Knox on a 266, John McGarry 257, Ray Newell and Rick Scarms both holding 255's.

Ladies high series is owned by Helen Specht at 506 and high game honors by Mousie Powell at 214.

HELPING tournament pros to play as good or better than ever before brings both head-aches and rewards. A few players, after asking for my observations or suggestions, argue against following them. One of the main rewards is the personal satisfaction of seeing marked improvements in their swings and shots, much as though I had executed them as I have in the past.

I prefer to watch or work with players who have mastered a good part of the Cor-

rect Swing Pattern. Outstanding among these is smooth swinging Bill Collins. His string of brilliant victories in the early 1961 TV matches combined effortless driving for top distance, easy iron play affording birdie putts and a finesse around the greens that equalled the best of Bob Jones, Ben Hogan and Sam Snead.

New Cage League Play Has Fans Buzzing

United Press International

Basketball may never be the same now that the American Basketball League has arrived on the scene.

The San Francisco Saints edged Los Angeles, 99-96, in an exciting ABL debut Friday night, but it was the three-point rule that had the fans buzzing.

The American Basketball League repays shots hit from more than 23 feet out by making them worth three points.

Six of the long ones were made Friday night. The crowd of 5,137 responded each time one was made, and often urged the players to try more as they worked the ball around.

Not only that, but it was Mike Farmer's two long swishers which first brought the Saints even with the Jets from three points behind and next put the locals ahead, where they stayed until the final seconds.

Jets Deadlock Game

The Jets then fought back to deadlock the contest at 94-94 with 90 seconds to go. But little Whitey Bell of North Carolina cashed in on a free throw and Farmer hit another field goal to put the Saints into front to stay.

San Francisco had led 55-47 at the half, but slowly faded after National Basketball Association veteran Kenny Sears departed with a charley horse.

Farmer, who was one of the NBA's solid players at Cincinnati, appears ready to tear the new loop apart with his all around play. He fired 26 points in a torrid man-to-man duel with George Yardley, a former NBA scoring champ, who had 23 points, including six on two 25 footers. Farmer

had three bonus buckets.

Dave Gunther, former Iowa ace, had 23 for the Saints and Bill Spivy, ex-Kentucky star playing his first major league game after being banned from the NBA, collected 20 for the Jets.

It was the only action of the night since the rest of the league begins play next week.

The ABL also features a wider free-throw lane, a more distant free throw line, a more relaxed interpretation of the rules by referees and other minor changes.

But it was those 25-footers that had the fans agog. If the crowd has its way the ABL teams may be trying more and more long set shots as the season progresses.

Opening event in the Eldorado Country Club season started today with a "Fall Ball" in a mixed foursome tournament.

Four flights of 16 tees off both days and stays in the race as winners team with winners and losers with losers at the end of each round. A champagne cart on Sunday is an added incentive.

All flights have a Sunday play-off to determine winners.

Meet An Indian

GARY FOSTER, tailback, uniform No. 20, is only a sophomore and has much more playing time coming up before he graduates. He has been bothered this year with injuries. Another of the many brother teams with the Indians, the Fosters — Gary and Steve — hail from Desert Hot Springs.

Bronc, Rajah Wins Set Up 'Big Game'

A "biggie" was set up for next week to decide the winner in this year's Desert Valley league when last night's games eliminated just about every team except Banning and Indio.

And those two teams clash head on next Friday night at Indio with the winner almost a certainty to pick up all the marbles in the DVL. Both teams were impressive last night as the Broncos rolled over Coachella Valley, defending DVL champs, at Banning by a 19-6 score, while the Rajahs were shutting out Yucaipa in a game at Redlands, 20-0.

Indio held the Thunderbirds to but six first downs with only 45 yards gained in total offense. The Arabs fared just twice as well as they could pick up 90 yards total against Banning but could get only half the first downs—three.

Sixth Win in Row

It was the sixth consecutive victory of the year for the powerful Rajahs who only could pick up two wins all last year. Their vaunted "hammer" offense, which crushed Palm Springs last week, 32-7, scored early in the first period on a one-yard sneak by Bill Thrasher; added another in the second on a two-yard smash by Ken Crabtree; and finished off the scoring on an 83-yard dash by John Hinojosa in the third period.

Banning's Broncos, who still must meet the Palm Springs squad, kept the Arabs under check except for a lone score two minutes before the game ended. It was a thrilling 84-yard pass and lateral from Ken Dyer to Dick Scott to Raul Calderon.

It was a frustrating first half for Banning, who moved well but could never score. Penalties and fumbles cost them dearly when they moved into Coachella territory.

They finally broke loose in the third period when they recovered a Coachella fumble on the Arab 40. After two Craig Van Kirk passes got the ball to the five, Van Kirk sneaked across for the score.

Another Van Kirk aerial set up the second score a few minutes later and the star quarterback again bucked through for the score from the two. As with Indio, the final score was the prettiest as Van Kirk handed off to Bill Green who made a fancy run for 82 yards to put the last Bronco score on the board.

Other Games

In other games last night, Hemet sailed past San Jacinto in a neighborhood game, 34-13; Beaumont just nipped Perris by a 21-20 score.

Junior College play saw the powerful Riverside City College keep their streak alive with a 20-6 win over San Bernardino, while Fullerton was blanking Chaffey, 28-0.

Opening Tourney at Eldorado CC Today

Opening event in the Eldorado Country Club season started today with a "Fall Ball" in a mixed foursome tournament.

Four flights of 16 tees off both days and stays in the race as winners team with winners and losers with losers at the end of each round. A champagne cart on Sunday is an added incentive.

PEPE CALLAHAN had friends and customers at the Tampico opening attempting to drink out of the Mexican glass porrone bottles (it's a matter of squirting the wine down the throat) and here Janice Bogert proves a dexterous pupil. Pepe, who is standing at the end of the table, watches the act. The other two women are Mary Jane Seamans and Jennette Lipskey. (Desert Sun Photo)

Russia Three Years Ahead On Moon Shot

NEW YORK (UPI)—Russia is three years ahead of the United States in progress on a man-to-the-moon shot which the Soviets probably will attempt in 1963.

Dr. George R. Arthur, manager of advanced vehicles system at General Electric's missile and space vehicle department, said in a speech before the Yale Engineering Association that the Soviets had an advantage in development of large rockets.

Arthur said a U.S. manned moon shot could be realized in five years. He said the program should be pressed at all costs "if only for self protection."

Robert Taylor Says He's Just About Talked Out

HOLLYWOOD
By VERNON SCOTT

UPI Hollywood Correspondent

HOLLYWOOD (UPI)—If there's one thing in the world Robert Taylor doesn't need it's publicity.

A movie star since 1935, he reckons he's given roughly several hundred interviews a year. Multiply that by 26 years in the business and Bob is just about all talked out.

"I never had anything to say in the first place," he grinned. "I'm just a normal, small town Nebraska boy who made good. And I haven't changed much. I never felt that being an actor gave me license to sound off on world affairs."

Straight A's

"Sure, I have my opinions and I like to keep them mine. They aren't so startling that I should hand them around to anyone else."

Actors as a group are about as pleasant to be around as a pack of egomaniacal jackals. Bob Taylor is one of the few exceptions. He never is "on" with the charm and theatrics. He is as colorful as a glass of water-distilled water.

Confronted with this fact, Taylor agreed.

"That's why I only do about 10 interviews a year, now," he said. "I used to talk to everybody and anybody, but not any more."

"The public isn't interested in

GRIN AND BEAR IT

By LICHTY

"Stop complaining about TV dinners creating an uproar in your stomach, Roscoe! ... You've been hearing too much about violence on television!"

"WOW! NO WONDER YA CAN'T HIT THE BROAD SIDE OF A BARN!"

Cowboy Films Are Problem

WASHINGTON (UPI) — The hard-riding, hard-shooting legend of the lawless American West keeps corralling television screens all over the world, and the United States Information Agency (USIA) keeps setting the record straight.

Abroad, no less than at home, the American cowboy is one of television's most popular heroes—and most hissed-at villains. For more than a year, USIA has been putting him in his place with a 15-minute TV film designed to depict the Old West in proper 1961 perspective.

Entitled "Cowboy Legend" the short program shows how American ranchers really live. It gives the lie to the idea that Indians still menace the Western traveler because there is no law in the land of the badmen.

Actually, the film, prepared with narration in Japanese, Span-

Rev. Dean Miller Installed

Becomes Pastor Of P.D. Church At Installation

Rev. Dean W. Miller was installed as pastor of the Palm Desert Community Church by the Presbytery of Riverside, during an impressive service held in the church sanctuary.

Rev. Paul C. McFarlin, stated clerk of the Presbytery of Riverside, presided during the service, which officially unites pastor and people.

Other ministers participating in the installation service were: Rev. James W. Arnold, pastor of Cathedral City Community Church; Dr. P. Martin Baker, former pastor of Palm Desert Community Church; Rev. Harvey W. Harper, pastor of the First Presbyterian Church of Coachella Valley; Rev. John Robert Hewett, pastor of the First Presbyterian Church of El Centro; and Rev. Joseph E. Kroff, pastor of the Trinity Community Presbyterian Church of North Hollywood.

Music for the services was offered by Mrs. Paul Stillman, organist, and Miss Barrie Holdsworth, soloist.

REV. DEAN W. MILLER was installed as pastor of Palm Desert Community Church, during an impressive service held in the church sanctuary. Pictured, from left, are Rev. Paul

C. McFarlin, stated clerk of the Presbytery of Riverside; Reverend Miller and Rev. John R. Hewett, pastor of the First Presbyterian Church of El Centro. (Desert Sun Photo)

Festival of Reformation Celebrated by Lutherans

Our Savior's Lutheran Church will join Lutheran and other Protestant Churches throughout the world in celebrating the Festival of the Reformation tomorrow.

A special service is planned for 11 a.m. Rev. Walter H. Reuning, Pastor of Our Savior's, will preach on the subject, "The Church's Foundation is Jesus Christ."

The entire Protestant world regards Oct. 31, 1517, as the birth-day of the Reformation and the Protestant Church.

On that day Martin Luther posted his Ninety-Five Theses on the bulletin board of the University of Wittenberg, Germany. The influence of this act spread throughout the world and lasts to this day.

Out of it came the Protestant principles. "Scriptures are the source of God's truth," "Man is saved by God's loving act through faith in Jesus Christ," and "The freedom of the Christian man."

On that day Martin Luther posted his Ninety-Five Theses on the bulletin board of the University of Wittenberg, Germany. The influence of this act spread throughout the world and lasts to this day.

Sermon Will Tell How to Avoid Error

How to avoid the mistakes of the past will be brought out Sunday in all Christian Science churches. Highlighting the Lesson-Sermon entitled "Everlasting Punishment" is the Golden Text from Lamentations (3:39, 40), "Wherefore doth a living man complain, a man for the punishment of his sins? Let us search and try our ways, and turn again to the Lord."

Matthew's Gospel records this parable of Christ Jesus to his disciples, "The Son of man is come to save that which was lost. How think ye? if a man have an hundred sheep, and one of them be gone astray, doth he not leave the ninety and nine, and goeth into the mountains, and seeketh that which is gone astray? . . . Even so it is not the will of your Father which is in heaven, that one of these little ones should perish" (18:11, 12, 14).

"Mortals move onward towards good or evil as time glides on," declares Mary Baker Eddy in "Science and Health with Key to the Scriptures." She continues, "If mortals are not progressive, past failures will be repeated until all wrong work is effaced or rectified. The divine method of paying sin's wages involves unwinding one's snarl, and learning from experience how to divide between sense and soul" (p. 240).

The Sanctuary Choir will sing "Now Let Every Tongue Adore Thee" under the direction of Dan Kammeyer, accompanied by Mildred Kammeyer at the organ. Dorothy Keyes, soprano soloist, will sing the offertory solo, "The Ninety - First Psalm" by McDermid.

Children's Church is held at 11 a.m. and a nursery is conducted during both services.

REGULATIONS FOR CLASSIFIED ADVERTISING

- ★ Every effort is made to eliminate false and misleading advertising from our columns. Any complaint will be thoroughly investigated.
- ★ In the event of error notify the Classified Department at once. Advertisers are expected to check the first insertion. We will not be responsible for any errors after the first day.
- ★ All claims for adjustment or credit must be made within 10 days. Receipts must be presented for cash refunds.
- ★ All ads cancelled before publication will be charged for one insertion.
- ★ Read your ad carefully before placing it with us. Due to mechanical operation it is impossible to correct or cancel your ad until it has appeared one time.
- ★ All ads must be 3 lines or more.
- ★ Addresses telephone and box numbers shall be charged as part of the advertisement.
- ★ The cost of any advertisement may be determined by counting 27 letters and spaces per 3 point line; when all capitals are used, count 20 letters and spaces to a line.
- ★ Orders cancelled before expiration will be charged for the actual days run at rate earned.
- ★ Ads with Box Numbers will be charged 25c extra.
- ★ Copy changes: Copy on 30-time orders may be changed 2 times weekly; on 7-day orders once; on 4-day orders copy may not be changed except for minor corrections.
- ★ Telephone orders will be accepted without payment from advertisers within our collection area, who are home owners or whose names are listed in their home names. Payment for Situations Wanted and Rental Wanted ads is required in advance.
- ★ All ads placed from hotels, travel agencies, and motels must be paid in advance.
- ★ The closing time for daily Desert Sun Classified Advertising is 3:30 p.m. of the preceding day. Transient, Non-Commercial advertising will be accepted to 4:45 a.m. daily and placed under too late to classify. Classified Department open 8:30 to 4:30 daily. Saturdays till noon.
- ★ Borders, boxes, cut-in type and other unusual arrangements not possible in machine composition are not available.
- ★ All classified display advertisements measure 8 lines per column inch.
- ★ Ads for matrimonial offers, prostitution, "Share the Ride" or ads of similar nature are not accepted.
- ★ No reference is permitted to any race, religion, color or creed in help wanted, advertising, agent to state a preference in ads for Domestic Help or ads placed by an established religious or charitable organization.

Eyes a Popping!

THERE'S always one that stands out among the crowd. You'll agree this home has it all over the rest! It's a 3 bedroom, 2 bath central hall plan highlighted by an all purpose room which can substitute for a 4th bedroom if you prefer. The kitchen is perfection personified in keeping with the overall original plan, but wait til you see for yourself — The patio, double garage, artistic rock work and interior decorating — It's a winner in every respect. Price of \$25,000 can be easily financed.

Rebel Army Chieftains May Be Aiding Algeria

By PHIL NEWSOM

UPI Foreign News Analyst

It would be ironic indeed if the "colons" and the rebellious French generals who insist that "Algeria is French" should be the very ones to hasten Algerian independence.

The irony would consist of the fact that extreme right-wing European settlers and others led by war hero Gen. Raoul Salan are dedicated both to the overthrow of President Charles de Gaulle and to a war to the death if necessary to preserve Algeria as a department of France.

These very factors could be the catalysts bringing De Gaulle and the Algerian Moslem rebels together in a solution of the war which for nearly seven years has defied solution.

Seventh Anniversary

When the seventh anniversary rolls around on Nov. 1, the war will have taken the lives of more than 16,000 Frenchmen and about ten times that many Moslems.

Meantime, as De Gaulle has pressed toward solution of the problem with recognition of the inevitability of eventual Algerian independence, Salan and his secret OAS army have stepped up their own war against both sides with terror tactics as brutal as any

practised at any time during the conflict.

This week, rebel Moslem Premier Ben Youssef Ben Khedda came forth with a policy statement which both the Moslems and the Paris government have been awaiting.

It was suggested that its contents were not wholly unexpected by the French since for weeks there have been reports of clandestine contacts between the two sides in Switzerland.

At any rate the French found them hopeful if not wholly acceptable.

Solution Possible

Ben Khedda suggested first a simultaneous cease-fire agreement and then negotiations for a "new relationship" between France and Algeria and guarantees for Europeans living in Algeria.

At first glance the proposals seemed reasonable and not out of line with De Gaulle's own proposals looking toward peace in the making by year's end.

There seems the likelihood that the secret army would step up the frequency of its plastic bomb attacks.

When De Gaulle narrowly escaped death in a bomb attack in early September the OAS denied responsibility, saying it was premature.

CELEBRATING HIS eightieth birthday, Pablo Picasso, noted painter, thumbs through a book of 102 color photographs which record the cream of his collection. This picture was made at Valauria, France, where he is making his home.

Love of Dog Wins Freedom

INDIANAPOLIS, Ind. (UPI) — Because of his love for a little dog, Karo Gamble has become a free man.

"Happy as a lark," the 56-year-old Negro walked out of the jail where he was serving a 90-day term for vagrancy. He hurried to the city dog pound to pick up the only friend he has in the world, a tiny mongrel pup named Waterloo.

"This is the greatest thing in the world—the turning me loose," he said.

Gamble's happiness matched his misery of only a week ago, when police came to his cardboard shack and arrested him. Gamble, thinking Waterloo was headed for the dog pound and destruction, fell to his knees and hugged the dog.

The drama was caught by an alert newspaper photographer. Hundreds of persons from all parts of the country offered help to save Waterloo.

Today, Municipal Judge Noble Percy suspended Gamble's sentence and fine. He reasoned that a man who loves a dog that much shouldn't be locked up.

Clad in a brown sports shirt and trousers, Gamble walked into the sunshine as photographers snapped away. He said he would go to work for the city.

Gamble had many persons to thank. One of them was an Indianapolis attorney, John Royse, who sent money to care for Waterloo. He said he figured the dog was "about all this destitute man has left in the world."

PARTICIPATING IN hunter class, Mrs. Robert Kennedy, wife of the attorney general, takes her mount over a hurdle in the Washington International Horse Show.

Warning Made On Mail Boxes

WASHINGTON (UPI) — The Post Office Department has warned Halloween revelers: Don't steal anybody's mailbox or something worse than a hobgoblin is likely to get you.

Although the warning, distributed by chief postal inspector H. B. Montague, was framed in official language, its attitude was plain. The Post Office Department is a bit irritated at running down all the complaints about stolen or damaged mailboxes after each Halloween.

Conviction of wilfully damaging a mailbox carries a maximum penalty of \$1,000 or imprisonment for up to three years.

THE LIGHTER SIDE

Kleptomania Figures Big In Senate Probe on Food

By DICK WEST

WASHINGTON (UPI) — From a spectator's viewpoint, the current Senate investigation of food packaging and labeling practices is one of the best that Congress has staged in many months.

The main point at issue is whether consumers are being misled or deceived by the fancy wrappings and containers that groceries come in nowadays.

This has spawned all sorts of fascinating sub-topics, such as whether the average housewife has kleptomaniac tendencies and whether her shopping habits have any rational foundation.

The kleptomania theory was advanced by Roy King, editor of a food trade publication, who told the subcommittee that women shoppers tend to filch items that aren't put in big packages.

He said that lipsticks, for instance, are attached to cards to make them harder to slip into purses.

King Retreats Slightly

Some of the interrogators and women witnesses gave King a hard time about this. Retreating

NEW YORK (UPI)—The Allergy Foundation of America estimates that up to four million Americans suffer from bronchial asthma.

slightly, while at the same time standing his ground, he explained that he hadn't meant for his statement to embrace all womanhood.

King also insisted that a woman ought to be able to figure out the quantity-price ratio of food after a quick look at a package. He said it was a matter of simple arithmetic.

On this he was challenged by Mrs. Dorothy S. Wheeler, who represented a consumer service. She said bargain hunting has become so complicated that grocery carts should be equipped with slide rules on the handles.

This argument, I fear, will never be finally resolved, dealing as it does with what goes on inside the female mind. Fortunately, the hearing also touched on a topic that falls within my personal purview.

Someone who was defending the use of gaudy packaging to attract shoppers in a supermarket ob-

served that food items don't just jump off the shelf into the cart.

Jump Into Cart

This may be true according to the theoretical laws of physics, but you and I know that it doesn't work that way in practice.

I have never yet been grocery shopping that I didn't take home two or three items that I couldn't remember having purchased. The only explanation is that they jumped off the shelf into my cart.

Furthermore, there is a related phenomenon which the subcommittee didn't get into. I refer to reverse leaping.

A victim of reverse leaping finds when he gets home from the supermarket that several items he was told to purchase have somehow disappeared. Obviously, they jumped out of his cart and back onto the shelf.

I have tried to explain that to my wife several times, but she can't seem to understand.
